Hi Their Kids.
Time for another Tourney Report from My Local GameStore!

***** MenderChuk.Dec *****
Why the strange name you ask?
Well I didn't name it, Adam "MmmBop" Locke-Norton did so ask him.
/On to the Deck/
4 White Knight - In my area people are really beggining to play black more.
4 Soltari Priest - Excellent, I love these guys!
4 Longbow - More firststrikin' action
3 Steel Golum - Okay, okay you're thinking "what the? This deck sucks!" but really these guys are VERY good. Because they will kill it, or they WILL die! Plus with my low creature count it is execellent! AND I always cast a knight on turn 2 so a turn 3 golum can be beatdown.
2 Derelor - An excellent phatty
4 Incincinerate - See Kindle
4 Kindle - All this DD let me burn the person out in late game when they relally least expect it. Plus, it let me take out opposing knights.
2 Terror - kill your phat.
4 Armageddon - Metagame against U phat and R sligh/burn.
3 Wrath o' Gawd - Hose weenie. Very unexpected.
4 Empyrial Armor.
3 City of Brass
3 Gemstone Mine
4 Undiscovered paradise
12 Plainz
* By the Way I don't use Order of the White Shield due to the prevalence of Fireslingers and Fanatics.

SB
2 Light of Day
2 Scragnoth
2 Boil
3 Perish - This may sound really really stupid but in my area there are a few excellent green decks. yeah yeah yeah, I'm embarrassed too.
2 Aura of Silence - I like this more than Dis for various reasons.
4 Honorable Passage

This really is a good deck, It is excellent if the metagame in your area leans towards Red or Blue. Watch for nasty Vineyards though.

I thought this would be an excellent metagame deck and I think I was right but some of the decks I had trouble with were other MetaGamers.

I was playtesting over at my friend Rory's house when I ask "Hey Ror, got anything to eat?" he checks the fridge and mutters "Sorry... not much... hmmm... Well we have like one Massive crate of fig newtons...
Me: Uh...no thanks..
Adam: Did someone say figs?
Rory: You want some.... ?
Adam: Sure! Score me on the figs man.
Me: ookay... lets just start playtesting...
<pull out 5CU, 5CB, 5CW and 5CR>
Rory : Okay let's play
<Adam rips open pack 1 of fig newtons>
-Two Hours and 26 fig newtons later-
Me: Adam... I think you've had like way to many fig newtons
Adam: Y'knever get nuff.

Well that day I learned three things
(1) 5CR is as good as it used to be
(2) 5CW is good metagame
(3) Keep Adam away from Fig Newtons

So I get to the tournament and scope the decks.
G/b/u , U/R, B, B/R, U are the main decks I see and I feel okay about that.

Round 1 * Rory Johnston *
Black Red Block Rocking Beats (BRBRB)
Why is it I always play Rory first?
Why is it I always lose the first game?
-Game 1-
I choose not to mulligan despite a mediocre hand and get swarmed by
4 Black Knights
4 Suq Ata Lancer
3 Incinerate
2 Terror

Hmm....

-Game 2-
In goes LoD :). For him in goes Gloom. :(

I look at my hand and am glad.

I basiclly ignore him as I go White Knight, Emp Armor,
Take 7. Next turn emp armor take 14 (undiscoverd came back).

Hehehe.

-Game 3-
Things are unhappy when I only have a Longbow out he plays a gloom.
Fortunatly he doesn't have any creatures out and I burn away any defense and beat him with a longbow.
He cast Nekrattal and things are looking grim as I hold land .
But today the Magic Gods smile upon me :
I draw : Derelor, Steel Golum , LoD
And serve beatdown.

Games: 2-1 Matches: 1-0
After the game we play T1 for ante.
I am at 9 and so is he is at 2 when he goes Torch you for 5, fork it.
I explain that Torch is an interrupt and sure is hard to fork. So I go down to four and he goes down to 0 from burn.

*Round 2- Adam Locke Norton of Team Whazbanglering Retardo Cheerio Monkeyz Incorporated (apparently he was eating figs when he named his team) *
He is playing a very efficient and effective G/b/u weenie beatdown with tons of removal using Maros, Baro Ghouls, Manowars, nekrataal, woodland Elves, Archers and Snakes
Game 1
Mr Fluke gets Manascrewed and decides to stay at 1 undiscovered and not mulligan (?!).
Wham Wham. Bwatdown.

Game 2
In go 3 perish while he puts in , hmmm NOTHING!
In this game he puts out Boa, Boa, Archer, Queer, LuhAnowar and Maroo
Hmm I think I'll PERISH.
He looks sullen.
But he smiles when on his turn he drops two Baro Ghouls.
Hmm... I'll WRATH
He looks angry
But he ragains stability when on his turn he drops a goyf and a Mana elf.
I wrath the drop a Priest with Armor.
He reaches for the booze and figs.

Matches:2-0 Games: 4-1

*Round 3 -Jasar Elarar- *
Black Weenie Beatdown
Holy Cow, I'm playing like the exact same people as last time.

Game 1
Jay actually has a half-decent deck this time not like his weird StOmpY (CrApPy) that he played last time and went 2-3.

I drop W knights, he drops Black knights.
We both serve but I kindle at end of your turn, kindle on my turn.

Game 2
I don't really want to talk about it.
Let's just say that when your opponent goes turn 1 ritual gloom and turn 3 gloom it isn't good.

Game 3
Finally my gedddons come in handy when, after we both stall for awile I drop a derelor that he can't touch and geddon and smash him.

Matches : 3-0 Games:6-2

Gulaian Phane (sp?) (:
/\ /\ /\ /\ /\ /\ /\ /\ /\
like I said, I am Playing the same people as last tourney except in different order.
U/R counter Hammer.

Game 1-
I do lots of damage early with an armored longbow but it's reign of terror ends to a disk.
He begins to whisper and I can't cope with the counters and Ham Recursion.
No gedddons this game, though they probably whouldn't have got through anyway.
Game 2- hopefullt ScragS and Boil (in for wrath and terror) combined with gedddons will wreck him.
He stalls at 4 Island.
I do Nothing.
At the end of my turn he goes - Impuluse aw man...
Okay I impulse again...
Me: WooHoo! Boil yo' @\$#!
Him: I concede.

Game 3 -
My hand is good. Real good.
3 Geddon 1 Scrag 1 Emp 3 Land.

He counters all three gedddons and hammer/touchs the Scrag.
He begins to DOUBLE whisper despite the fact that I may have a boil and I cannot cope with the card advantage and I fall to the Mighty Gulian.

Matches: 3-1 Games:7-4

***Last Round : Hon X ***
He won't tell me his last name and refers to himself as "X".
Freak.
He plays a weird-ass deck with white knights, black knights, sea sprites and Cerulean whyvern. He calls it his protection X deck.
I however like to call it "A bye for Jeff" (:

Game 1 - White Knight, Steel Golum, Derelor, Incinerate, Incinerate.
His lone sea sprite fails to meet the demands placed on it by Hon X who continues to tap his deck and say "Come on babY! Hon needs some new shoes"
If it wern't for the fact that this guy is my key to the Bucks I would have said something to the judge.

Game 2 - When he mulligans down to 6 I'm smiling. To 5, I'm happy. 4, I'm gleeful. 3 I am overjoyed. 2 I am delirous. Yup, old "X" muligans down to2.

Suffice to say things do not go well for him and he blames manascrew. Well when you start with 2 cards, manascrew does happen.

Matches: 4-1 Games: 9-4

We check the records and since Julian lost his last match to Adam 0-2 I edge him out by one point.

So I win the \$\$\$.

Afterthoughts:
Good metagame, I would probably take out 1 Wrath and 1 Armageddon for two main deck Auras.

Time for everybodies favourite part of the tourney...
