Hey Everyone,
 My friend Jay and I decided to go to Orlando for the JSS. Just qualify in the open, play second day for the easy cash. So, we flew down from Vancouver (Canada!). We got there on wednesday and just hung around thursday. We went to I*H*O*P because JASAR recommended it... It was the worst goddamn meal ive ever had in my life. :[. We were just gonna play shat decks the first day and then something good the second day. Problem was, we didn't uh have something good for the second day. And no one wanted to share there tech wit us. Except Ryan Fuller... Who made us this WW deck that was supposed to be really good...

So.

On with the report...

Part 1 - Day 1, Chumfest '98

I didn't take names this day
 Round 1 - !!!Not A Chump!!! :(- 3CKastle
 This was supposed to be chump round! :(
 We look to our left, little girl playing a chumpy looking kid with a 5 colour 300 card deck, to our right a little kid play "Lotus Petal Sligh" against a littler kid playing some U/B deck.
 Game 1-

While he is trying to set up a defense i go Bird, Granger, Centaur, Geddon.
Pow.

Game 2-

I have a bit of a slow start but am putting on a pretty good creature pressure but he is at high life due to multiple gnomes and feeders. I think I have the game because I am holding a mana leak for the death but then he plays... city of solitude??! To make a short story shorter he living deathed next turn and brought back like 6 lifegainers and 3 tradewinds. I conceded promptly.

Game 3-

Coollest game of the tourney I swear. My hand is shit. I mulligan. I get a..um.. better hand. I bust out like a ranger then another ranger but all he has are some spike feeders. On turn 4 I draw tradewind. Hmm. Since I went first when it becomes active he only has 4 land out. Death cost 5. Long game but eventually what happend was me triple tradewinding (a la queer) and him never ever hitting 5 land. whooo.

Match = 1-0

Games = 2-1

***Round 2-More Kastle Jank ***

No scrub 4 me. :(

Game 1-

See last round game 3... woohoo!

Game 2- He goes death. I go lose. :(

Game 3- B.Tings. Followed by counters for his death.

Matches: 2-0

Games: 4-2

Jay is 2-0 too. He is playing FullerStyleWW

At this point all I have too do is win one more match to make day 2.

Time for some of that Jeff Luck!!

Round 3, some sped guy, CounterPheonix

Oh well.

Game 1-

I bust out lotsa quick creatures. He quakes. I play a geddon. He counters. I hold land. He whispers.

Game 2-

He shitkicked me. I don't want to talk about it.

Match: 2-1

Game: 4-4

Jasar won I think... he is 3-0, same with my friend Jake Browne (Goatboy on irc) but my other friend Ryan is 1-2 (fubarduck on irc).

Round 4, Crispen Allen, Donais5cU

he is some yokel. He dad is like watching our game from the sidelines.

Game 1-

Me -Creatures....

Him - Wrath

Me - Mana Leak

Him - Wrath

Me- Creatures

Him - Gaes Blesisng

Him- Wrath

Me- Hmmm

Him- WhisperWhisperWhisperWhisperWhisper

Me- Geddon

Him- LandLandLandLandLand

The End
 Game 2-
 Me- Creatures
 Him- Wrath
 Me- Mana Leak
 Me- Geddon
 Him - :(
 Game 3-
 Same thing...
 blah blah blah.
 Anyways the only really exciting part in this game was when he was liek at 6
 and i had out two derelors. He has *3* Wraths in the graveyard and 3
 wisdoms. He was going fucking apeshit with them. I think he has 1 card in
 his hand when he picks up. Him: Umm wrath. Damn yokels.
 Match = 2-2 !!!!!
 Game= 5-6

Wow i suck!
 I had better win.

Match 5-
 This is it.. I might play someone good but...
 whew. Scrub.
 Playing 5cg oldskool directly from Scrye. I attack with Boa. He blocks with
 centaur. I regenerate. The match sort of goes like that the whole time.
 Match = 3-2 (at chumfest!! :()
 Game = 7-6

Ryan Harvey didn't make day 2... :(
 He had tech but didn't use it because it was chumfest but the chums were not
 quite as chumley as usual...does that make sense?

NeWay

So right now I pretty much know I don't wanna play 5cG or Sly or Smack (my
 version of Sped Gas or suicide black or whatever... Because they seemed like
 bad metagame (and they were!!) and I didn't want to play a living death deck
 cuz that is just too tacky and expected. So... I didn't know what to play
 and no one was sharing tech...:. Not even my fellow members of #mtgss! So
 at like 3am I decided to read the email Ryan Fuller sent Jay. Basically it
 gave this WW deck with a few twists and an explanation and advice to play it
 Day 2 no matter what... I thought aw what the hell... what other choice do I
 have? Jay also made the same decision and we played virtually the same deck.
 About 3 cards different I think. So right now you might be thinking "But Jay
 came 1st and you were 37th,,, How could that be?". Well... it's a ... funny
 story (not to me) :(.

So... without further ado

How I WENT 3-3 AT THE JUNIOR *ING SUPER SERIES!!!! ***

Round 1 - Murray Evans - 5cG w/ ELVISH ARCHER TECH
 I played him like 500 times the night before and skooled him every time. Yes
 easy match i think. :(
 Game 1-
 I keep a hand of two plains, a monk and *3* Manowars and a geddon. I draw...
 no... land. Hmm.
 My monk gets him down to like 6 but by then he has out a llanowar and an
 archer so he wins the pathetic race. :(

In goes like half my board

Game 2-

Hmm.

7 Cards - No Land

6 Cards - No Land

5 Cards - No Land

4 Cards - No Land

Stop!

Draw - No Land Go

Draw - No Land Go

Draw - No Land Go

Draw - No Land Go

Draw - No Land Go

Draw - No Land Go

Draw - No Land Go

Draw - No Land Go

I get an ok draw and beat him in. That is all I have to say about that.

Round 6- Some Guy playing Sped Black
I get an ok draw and crush him.

Match = 3-3 Game = 7-6

I finish 37th cuz o' my SHIT tiebreaks.
Yeah yeah yeah... Jake makes top 8 so does julian and jay... blah blah blah
story of my life am i right???

:(
Oh well.

I stay up all night long playing in drafts and I win 4 of them and lose in
the semis of another so it was good points. I also get tons of exodus. Jay
also stays up til like 4 playing money drafts (and losing) :(.
I wake up at 1 the next day and go watch the semis. Jay is in and so is
julian. Jasar is like falling asleep on the table but that is ok since his
matches only take like 5 minutes... Julian gets furnaced out of existance
with godzilla and is knocked out.

In the finals I thought they were pretty evenly matched but Jay came out on
top thanks to the gods of topdecka firestorm (but he also played well and
made due with bad draws I hafta say).

If you want to the deck I used look in Jay's report. It is like that except
one less propaganda, one more knight and geddons instead of WOrb.

So yeah... my deck wasn't that bad.. I swear!!

I played a bit of money drafts after and won... that was like good.
