Greetings from rainy Vancouver BC, just recently home of the Vancouver (well BC) PTQ. Fortunatly I am young enough to go in the Junior Super Series. I thought this was going to be a joke but alas I was sadly mistaken.
5 grueling rounds of swiss where a first or second round loss meant no top 4. THAT IS BRUTAL!!!
only 2/6 4-1's make it. There is only a top 4 despite 36 players. Only about 1/3 of these are scrubs the rest are very good players many with ratings over 1850.

I had three choices for decks to use.

5CR- I had been playtesting this for weeks and weeks and on a last minute change decided to scrap it because it had too much trouble with Big Blue(or big U/R).

5CW- With 4 Geddons to metagame against Mono Blue and Mono Red. I am very happy I didn't play this as their was only one ONE crappy sligh deck. And no NO Mono Blue.

5CU - My final choice. I liked this deck a lot because it can handle Scragnoth, Choke, Boil and the like plus wipe weeny decks with quakes and terrors. Plus Mr.Ophidian loves removal and what Mr. Ophidian wants,Mr. Ophidian gets.

So Here it is

***** 4CU: Phatty McGee *****
4 Waterspout - I like these guy a lot.
2 Air Elemental - Not as good as spout but I'm not complaining.
2 Derelor - These rocked MAJOR ass. Oh sorry! Nekrataal blows now!
4 Counterspell - I play blue therefore I play counterspell
4 Ophidian - These guy won me way more games than should be allowed.
4 Man-o'-War . These guys are so good.
3 Lapse - Worked well , Not as expensive as Dissipity and also good for Beatdown.
3 Incinerate : Kill you or kill your stupid creature.
3 Earthquake - Soooo good. I mustve killed 12 knights in the course of the day with these.
1 Fireball - Bad choice. Hardly ever came in handy
3 Impulse - I like 3 better than 4. Don't ask why.
3 Terror - Kill scrag. Kill Priest. Kill Wanky. Kill anything.
16 Island
3 Gemstone
3 City
3 Undiscoverd

SB-
3 Perish - I ho-ho-hose you!!! Worked good when I played green. 2 maybe?
2 Scragnoth - excellent. Absolutly excellent.
2 Hydroblast
1 C:op Red - SUcked badly
3 Pyroblast -gudd
2 Knight of the Mist - excellent
2 Gloom - Not bad.

BIG MISTAKE: Shouldve had 4 Serenity in SB instead of 2 Gloom, 1 Perish and 1 copRed

Anyways I come to the tourney and I find out that Rory is playing B/r , Julian is playing Counter Hamm , Jasar was playing a lameass propaorb and Adam is playing G/b/u beatdown.
We find out that ONE match loss before round 3 will knock you out of contention for a top 4 seat.

****Round 1 - (Sorry pal, I didn't get your name) Crappy red burn****
This is a very bad burn deck with mogg raiders and other such crap.

He makesme desleeve because 6 months ago I beat him in the regionals with My counterhammer. What a prick.

Game 1
I tell him that anyone who makes me desleeve always gets their ass kicked.
I draw my hand and it is pretty good. He however mulligans.
"I told you"
I give him the Biggest ASS KICKING you ever did see. His early game rush did... 2 damage! I earthwuake away 4 creatures on turn 3 and then play ophidian 1. He goes "Incinerate You"- OkaY! Thanks buddy! I soon play another ophidian and whenever he plays a creature I do one of the following
-Memory lapse
-Terror
-Incierate
-Manowar

I play 2 More Ophidians and am CRUSHING him with them on the board. But he doesn't concede. So I brutally beat him with a Derelor. Prick.

-Game 2-
I feel confident but have to mullian with only one land. I get a decent hand and I have okay control as I manowar a wildfire then he goes "Boil".
I calmly go Hydro. He goes "FUCK!!! .... oh! Wait! pyro!. Okay ... I go Hydro agin. He goes pyro again. Gulp.
<flusssshh> (Sound of my islands being flushed down toilet)
Boom Boom Boom. I die miserably.
-Game 3-
DAMN! Why did I lose to a fucking chode???!!! He can't play for shit!!
Well anyways I kick his sorry ass again like game one only with just 2 ophidibastardos.

Rory Won. Julian Won. Michael Won. Adam...LOST?!! to some chode playing BlooM? Adam fucked up big time and lost the match because of it. Doeth.

Match 2- Forgotten Orb , Sonny -
He hasn't played in a while so i think it will be a breeze.
As he shuffles I see a winter orb and a propagand so naturally I think - propa-orb! MUST-NOT-LoSE-Game..... ugh...

Game 1
Longgggg game... ugh...
....Pulls...it...out....the...asss...with...DERELOR!!!...Yea!

Game 2
it's late in the game we both have 7 cards. I'm at 5 he's at 9. I have a quake but don't want to draw because I think I can win. He plays two winter orbs and goes "you can't untap". I go "do you know how to fucking play?" . He shuts up but then a few turns later plays an edict and points it to my Air Elemental and goes "die". I sac my Manowar. he goes "no! The air elemental. I tell him to read the card and play properly.
He wins with an incinerate when I have no more counters... damn!

Game 3
Oh man. This was way too close. Wayyyy to close. but when I'm at three i play a derelor and a ophi (to protect from edict) when he has 3 propagandas out and a winter orb and take him from 20 to 0.

WooHoo!

Julian Won, Jasar Won, Rory Lost (to the later winner of 16-18), Adam LOST AGAIN!!! omigod!

I'm out of single elim range.
***Round 3 - Johno Randle - ***
A good propaorb (paradox?)
I recognize his name but can't quite place it until I remember reading lots of stuff by him and about him on the net.
Game 1
Early rush fails miserably as like 20 cards in my deck are useless against him. He gerrards up to 59, plays 3 propagandas and then gets two L's Allures with 10+ counters. I don't concede cuz I might be able to kill whatever he kills me with. However he geddons then cast Air Elemental with diamond and I'm screwed.

In go Scrag, Pyro and Gloom
Game 2
I rock his world with two ophidians, two glooms and a scrag with a handful of counters. When I get card advantage he can't win.

Game 3
This is it. The whole bag of Monkeys.
Same thing happens as game 1. Boo Hoo.

His deck crushes mine. I just wasn't thinking propaorb when i built my deck.
5-4 , 2-1
Julian played Michael and they tied because Micheal earthquaked them both to hell. Rory Won, Adam won (finally, but it's too late now) Jasar lost to Mark Tsang's incredible MesaCraft (That I helped make!).

***Round 4- Kevin Fisher I think ***
U/R phat.
Two easy games, nothing to write about.

7-4 , 3-1
Jasar LOST, Adam Won, ROry won, Julian LOST , Michael Won.

If I win I'm in cuz Johno is rocking. If I lose I am scrub#1.

At this point I would like to say two things.
1) Congratulations to Rory and Michael, both of you did awesome for your first tourney and did better than seasoned vets, Julian Adam and Jasar.
2) Roger gets his cards stolen. Ouch. He had like everything. Oh man. Sorry Roger.

I wait for what seems to take 4 hours for the next round

*************************ROUND 5 ****************************
ROGER!!!
!!!!!!!
5cw!!!
\/
He tells me to take off my sleeves as he goes to look for his cards.
I call a judge and he goes "You win game 1". But then head judge says no cuz Roger just got his cards stolen .

I win both games in A SLAUGHTER!
I tear him to pieces as a blue deck will to a WW.

Sorry Roger. Bad days happen to everybody.

Adam Wins (3-2) , Julian Wins (3-1-1) Rory loses to Mike (3-2) mike beats Ror (4-0-1), Jasar wins (3-2) and I go at (4-1)

I narrowly make it in because of my sweet tibreaker and beat out the other 4-1s.
I get to play 1 seed.

* * * *Semis * * * *
Daniel - Vineyard /Scroll Phat Book Beatdown
I love to play against this deck and it shows when game 1 goes like this..
Me: Island .
Him: Vineyard Go.
Me: Land, Derelor go.
Him: Maro. Go
Me: Air Elemental attack, (takes 4) go.
Him: land, rootwalla attack. I take 4.
Me: Land Air Elemental , Send back Mr. Walla. Take 8.
Ugh.
I CRUSH HIM!
I didn't even use quake or anything. Oh man that was sweet.
Game 2*
I now have three perishes in the deck, he has 3 chokes.
I stop the rush with spout and manowar but then he chockes men. I manage out a derelor and it deals 12 damge before he gets out two cenaturs and a vineyard (he didn;t side them out??!!) is ready to block. I play quake for 2.Then beat him for 4. Im all tapped ecxcept for one undiscoverd. and draw a manowar.

Please, at this point remember I was tense and I'm young. Sometimes I do stupid things. I draw a manowar and i excitedly cast it, pointing to the scragnoth. Then right as it comes out of my hand my inner monologue goes "Fuck im stupid" he surprisingly goes "its too late!". FUCK!

MISTAKE#2. Now if that wasn't stupid enough. I return MY DERELOR!!! NOT MY FUCKING mANOWAR!
FUCK!
However I double incinerate him so my poor playing just makes him feel worse cuz he lost to a scrub.

In a very surprising match Mike beats Johno due to his manascrew. Whew. I DID not want to play that deck again.

I ask mike if he wants to split cash and he does. I ask for the invite and he gives it to me cuz he wouldn't want to go anyway. Wow. Thanks A lot! I get 3 Starters and 11 boosters.

WOO HOO!!! IM GOING TO LA!!
MARK TSANG WON 16-18!!!

Props-
Me- I win
Mike Wong - thank you soooo much
Song - You did awesome in Extended qualifier.
Mishra's - Keep up the good work
Mark Tsang - Cool deck
